## REMARKS

Claims 1 - 14 have been canceled and new Claims 15 - 30 have been substituted therefor. Each of the new claims is believed to clearly and patentably distinguish over the references. Claim 15 requires "sports goal comprising: an inflatable structure comprising an annular member having central opening to allow passage therethrough of a missile, ...". The DIY reference shows a float having a goal supported thereon with a plurality of side openings. In contrast, Applicant's device relates to a basketball-type goal which MUST have a horizontal central opening for the ball or missile to pass through. A side opening would result in a totally different game. The DIY
